1 Introduction

This document contains notes about Gopher & links to places in Gopher space.

It could be argued that all this information belongs elsewhere in my Web site, without distinguishing between Gopher & HTTP, but for now, I'd like to be able to find all my Gopher information in one place.

2 Gopher Links

- `lisp-p.org` in Gopherspace. `gopher://sdf.lonestar.org/11/users/gms`. It has a README file that isn't otherwise accessible to the WWW version of `lisp-p.org`.
- PyGopherd man page. `gopher://sdf.lonestar.org/00/users/jneitzel/pygopherd.8.txt`.
- "Gopher: Underground Technology". By Lore Sjberg. <http://www.wired.com/news/technology/0,1282,6>
- Super Dimension Fortress (SDF).

End.
